

OFFSITE PROGRAMS

appropriate for preschool through adult

Wolf Haven's offsite experiences are an excellent way to bring wildlife education to you! We offer presentations, booths, activities, and more in-person at your location. We tailor your experience to your educational goals and what you would like your learning outcome to be. Presentations can include any of the following, as well as shareable materials:

- virtual sanctuary visit
- wolf basics
- wolf history in the Pacific North and North America
- ecosystems
- predators
- and more!

We book up fast, so be sure to reach out as soon as possible with your educational program needs! These bookings are distance-dependent, but we do offer virtual options as an alternative.

Youth Organizations

For more information about Girl Scout, Boy Scout, and other similar youth organizations badge work, please email education@wolfhaven.org

STEM Kits

One possible educational component option is our STEM kits, which can be completed at your site/classroom, with or without Wolf Haven staff and volunteers. These are physical kits that are distance-dependent, as shipping can be a problem. Coming soon: two new digital science kits you can work through on your own!

- **Wonder of Wolves:** gain understanding about the role & effects wolves have in the ecosystem through a series of activities that incorporate social structure, behavior, diet, and diverse human perspectives.
 - 45-90 minutes, 6th-12th grade+
 - ¡Materiales disponible en español!
- **Wolf Genetics:** delve into the world of genetics, gaining understanding of how traits that are passed from parent to offspring affect the health and genetic diversity of a wolf population.
 - 90 minutes, 8th-12th grade+
- **Bees Please:** discover & exchange data from a citizen science project about different species of bees to explore biodiversity and behavior.
 - 45 -90 minutes, 4th- 12th grade+

More Information

Have another thought in mind that doesn't fit anywhere or unsure of what you'd like? Email education@wolfhaven.org to let us know what you're thinking.

Aunque no siempre podemos ofrecer programas en español, en ocasiones sí lo hacemos. También contamos con materiales educativos y actividades en español. Si estás interesado en alguno de ellos, por favor escribe a education@wolfhaven.org.
