# 2024 FINANCIAL REPORT

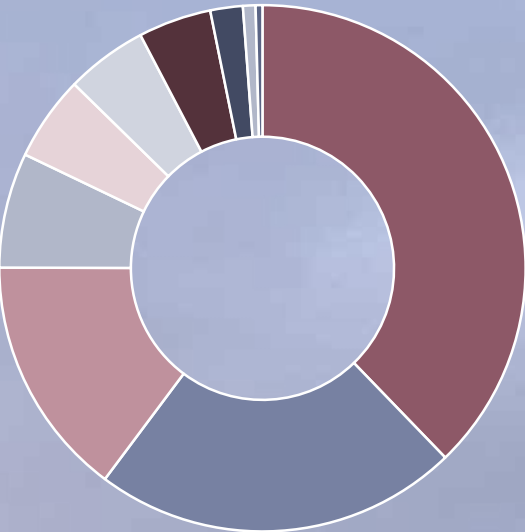

## Financials

We are so thankful for all the wonderful members of our community who consistently support Wolf Haven’s important sanctuary, education, and conservation programs! We continue to make exciting updates and upgrades to our development activities, and we anticipate these upgrades will continue to grow our capacity and impact.

One thing you may notice from this financial report is that Wolf Haven’s expenses in 2024 were slightly greater than its revenue. Like many organizations, Wolf Haven continues to face rising costs due to inflation for core expenses like animal food, medical care, sanctuary infrastructure repairs, and more. We are working

hard to get this growth in our expenses under control as much as possible, including by identifying more sources of in-kind donations or discounts for critical operational supplies.

While financial contributions remain the most impactful way to sustain our mission, in-kind support such as donated goods or services also make a meaningful difference. If you or someone you know may be able to provide supplies at a discount or as a gift, we’d love to hear from you! Feel free to reach out to us at [development@wolfhaven.org](mailto:development@wolfhaven.org). Thank you for your continued commitment at any and every level to support Wolf Haven and our mission!
