

Dear Friends of Wolf Haven,

I want to express my sincerest gratitude for your unwavering support of Wolf Haven International. Your generous contributions have been instrumental in our continued mission to conserve and protect wolves and their habitat.

We are excited to share some updates regarding our donor programs. As part of our commitment to uphold the latest in wolf conservation science and to better align ourselves with our values, we are making important changes to both the membership and symbolic adoption programs at Wolf Haven.

Membership Update: In the spirit of promoting accurate and respectful terminology, we are changing the names of our membership levels. Previously named after traditional wolf pack roles such as "alpha," "beta," and "lone wolf," our new membership tiers will now be known as Friend, Advocate, and Protector. The Lifetime membership level will remain unchanged.

These adjustments reflect a shift in understanding within the scientific community, where wolf packs are now commonly referred to as family groups. By adopting these new terms, we aim to promote a more inclusive and accurate representation of wolf behavior and social dynamics while also reflecting your role and active support in wolf conservation.

Symbolic Adoption Update: To provide clarity and prevent any misconceptions, we are renaming our symbolic adoption program to "Sponsor a Wolf." This change is intended to eliminate any confusion that Wolf Haven's animals are available for private purchase or ownership. We staunchly oppose the private ownership of wolves and wolfdogs, as it contributes to the detrimental black market pet trade.

Your continued support and advocacy play a vital role in enabling us to provide lifelong sanctuary for wolves in need and teach the public about the importance of wild wolves in our ecosystems. Together, we strive to foster a deeper understanding and respect for these animals.

We thank you for standing with us on this journey. If you have any questions or would like more information about these changes, please do not hesitate to contact us.

With heartfelt appreciation,

Evan Skytte
Development Director
